PROFESSIONAL EXPERIENCE

Homebound Technologies, LLC | Austin, TX **2022 - 2023**
Senior Project Manager

- Spearheaded the development and implementation of a proactive schedule template, effectively identifying and mitigating project risks, resulting in a significant 15% reduction in unforeseen delays
- Enhanced budgeting processes and fostered effective collaboration with tech, design and sales teams, leading to a remarkable 10% decrease in project budget variances
- Amplified vendor satisfaction by 25% by prioritizing proactive communication, resolving issues promptly, and nurturing strong and collaborative partnerships

Sitterle Homes, LCC | Austin, TX **2021 - 2022**
Project Manager

- Successfully implemented robust quality control measures, leading to a notable 15% reduction in build time and effectively eliminating costly and repetitive work
- Acted as a mentor to colleagues, providing training on strategies to enhance efficiency and meet project deadlines, thereby cultivating a culture of continuous improvement within the team
- Skillfully managed and supervised new home inventory valued at over \$5 million, ensuring timely completion within budgetary constraints, and contributing to the overall success of the projects

MileStone Community Builders | Austin, TX **2014 - 2020**
Construction Manager

- Demonstrated exceptional customer service skills, achieving an impressive customer satisfaction rating of 95%, by promptly addressing concerns and ensuring the delivery of high-quality projects
- Effectively managed a diverse portfolio of projects valued at over \$10 million, consistently meeting or surpassing profitability targets, and contributing to the overall success of the organization
- Coordinated and supervised multiple concurrent new home construction projects, ensuring on-time completion and adherence to budgetary constraints, thereby driving efficiency and client satisfaction

United States Army | Various Locations **2009 - 2013**
Infantry Team Leader

- Overhauled the process for repairs and cataloging on weapon systems, resulting in an impressive 60% reduction in downtime, enhancing operational efficiency

Infantry Team Leader – *Continued*

- Controlled and coordinated equipment worth \$10M+ for the company, ensuring meticulous asset management and smooth logistical operations
- Possessed a prior TS/SCI Clearance, demonstrating a trusted level of security clearance and confidentiality

PROJECTS

Bank App | Developer (<https://bank-landing-page-vite.vercel.app/>)

March 2023

- Developed a visually appealing landing page showcasing UI/UX principles, resulting in an elegant and minimalist design
- Utilized Node.js, Vite, React, and Tailwind CSS to create a responsive website that effectively displayed key client information
- Skillfully implemented dynamic interactive features, ensuring optimal user experience across various screen sizes, enhancing the overall usability

E-Commerce | Project Manager (<https://two303-mass-pro-shops.onrender.com/home>)

June 2023

- Successfully led the development of the project, effectively managing individual talents and proactively removing obstacles through collaborative discussions and creative problem-solving, ensuring the project remained on schedule
- Spearheaded the development of the main landing page, meticulously crafting the layout and designing individual product cards
- Innovatively implemented a filter system for the main products page, utilizing Sequelize eager loading to optimize response time while adhering to Single Page Application (SPA) principles, enhancing the overall user experience
